About Us

The IT vocational school for System Integration is conveniently located in **Munich**, right next to the iconic Olympic Park. It boasts **modern school facilities**, providing students with the best **IT infrastructure** to learn and test their skills. The school is staffed by a team of **highly qualified teachers**, ensuring a top-tier educational experience. In February 2023, the institution was proud to receive **Erasmus accreditation**, further enhancing its commitment to international learning opportunities.

Bernd Reiber (School Principal):
"Discovery-based and self-directed learning in an international context fosters curiosity and engagement, is enjoyable, and leads to lasting learning outcomes."
